## SHORT NOTES

---

**2021 - Dec [3]** Write short note on Explain the term “tax planning and tax evasion”  
**(3 marks) [Sec. C - Six LAQ]**

**Answer:**

**Tax planning:** Tax planning is a way to reduce tax liability by taking full advantages provided by the Act through various exemptions, deductions, rebates & relief. In other words, it is a way to reduce tax liability by applying script & moral of law. It is the scientific planning so as to attract minimum tax liability or postponement of tax liability for the subsequent period by availing various incentives, concessions, allowance, rebates and relief provided in the Act.

**Tax evasion:** Tax evasion is the illegal way to reduce tax liability by deliberately suppressing income or sale or by increasing expenses, etc., which results in reduction of total income of the assessee. Tax evasion is illegal, both in script & moral. It is the cancer of modern society and work as a clog in the development of the nation.

## DESCRIPTIVE QUESTION

---

---

**2013 - Dec [2]** (a) What are the circumstances in which previous year and assessment year will be the same? **(3 marks)**

**Answer:**

Previous year and the assessment year will be same in the following cases:

1. Shipping business of non-resident. **(Section 172)**
2. Persons leaving India. **(Section 174)**
3. AOP or BOI or Artificial juridical person formed for a particular event or purpose. **(Section 174A)**
4. Persons likely to transfer property to avoid tax. **(Section 175)**
5. Discontinued Business. **(Section 176)**

**2014 - June [5] (c)** Explain the term “substantial interest” defined in Section 2(32) and its application in at least two situations. **(3 marks)**

**Answer:**

Substantial Interest

- (a) For company- If individual along with relatives hold not less than 20% equity shares beneficially.
- (b) For others- If individual along with relatives is entitled to atleast 20% of income.

Application

An individual is chargeable to tax in respect of any salary, commission, fees or any other remuneration received by the spouse from a concern in which the individual has substantial interest.

- (i) But that portion of salary etc., of spouse which is due to application of technical or professional knowledge or experience shall not be clubbed.
- (ii) If husband and wife both have substantial interest in the concern and
  - both are receiving remuneration because of interest in the concern
  - then the remuneration of both shall be clubbed in the hands of that spouse whose total income is greater, before clubbing such income.

**2016 - June [2]** (a) State the situations in which the income of the assessee can be assessed in the previous year itself, instead of in the assessment year. **(5 marks)**

**Answer:**

**Incomes which are taxed in the assessment year itself**

The income of an assessee for a previous year is charged to income-tax in the assessment year, following the previous year. However, in certain cases, the income is taxed in the previous year in which it is earned. These exceptions have been made to protect the interests of revenue. The exceptions are as follows:

- (i) Where a ship, belonging to or chartered by a non-resident, carries passengers, livestock, mail or goods shipped at a port in India, the ship is allowed to leave the port only when the tax has been paid or satisfactory arrangement has been made for payment thereof. 7.5% of the freight paid or payable to the owner or the charterer or to any person on his behalf, whether in India or outside India on account of such carriage is deemed to be his income which is charged to tax in the same year in which it is earned.
- (ii) Where it appears to the Assessing Officer that any individual may leave India during the current assessment year or shortly after its expiry and he has no present intention of returning to India, the total income of such individual for the period from the expiry of the respective previous year up to the probable date of departure from India is chargeable to tax in that assessment year.

- (iii) If an AOP/BOI etc. is formed or established for a particular event or purpose and the Assessing Officer apprehends that AOP/BOI is likely to be dissolved in the same year or, in the next year, he can made assessment of the income up to the date of dissolution as income of the relevant assessment year.
- (iv) During the current assessment year, if it appears to the Assessing Officer that a person is likely to charge, sell, transfer, dispose of or otherwise part with any of his assets to avoid payment of any liability under this Act, the total income of such person for the period from the expiry of the previous year to the date, when the Assessing Officer commences proceedings, is chargeable to tax in that Assessment year.
- (v) Where any business or profession is discontinued in any assessment year, the income of the period from the expiry of the previous year upto the date of such discontinuance may at the discretion of the Assessing Officer, be charged to tax in that assessment year.

**2018 - June [2]** (a) (ii) Explain the following concepts

- Tax Planning
- Tax Avoidance
- Tax Evasion

**(3 marks)**

**Answer:**

**Tax Planning:** It means arranging the financial activities in such a way that maximum tax benefits are enjoyed by making use of all beneficial provisions in the tax laws which entitle the assessee to get certain rebates and reliefs. This is permitted and not frowned upon by law.

**Tax Avoidance:** The line of demarcation between tax planning and tax avoidance is very thin and blurred. There could be elements of *malafide* motive involved in tax avoidance also. Any planning which, though done strictly according to legal requirements defeats the basic intention of the Legislature behind the statute could be termed as instance of tax avoidance.

**Tax Evasion:** It refers to a situation where a person tries to reduce his tax liability by deliberately suppressing the income or by inflating the expenditure showing the income lower than the actual income and resorting to various types of deliberate manipulations. An assessee guilty of tax evasion is punishable under the relevant laws.

**PRACTICAL QUESTIONS**

---

---

**2019 - Dec [2]** (b) With brief reasons, state whether the following constitute capital or revenue expenditure/ receipt:

- (i) Compensation paid to customer for defect in goods supplied.
- (ii) Outright purchase of patent by paying ₹25 lakhs.
- (iii) Construction of building on land taken on lease basis.
- (iv) Arrear wages to employees for earlier years after entering into agreement with Labour Union.
- (v) Painting expenditure for company's registered office building.
- (vi) Liquidated damages received from supplier for delay in supply of machinery. **(6 marks)**

**Answer:**

- (i) Compensation paid to Customer for defect in goods supplied  
It is a revenue expenditure because it is in the normal course of business.
- (ii) Outright purchase of patent by paying 25 lakhs.  
Patent is a intangible assets for the company, it is capital expenditure
- (iii) Construction of building on land on lease basis  
It is a Capital expenditure
- (iv) Arrears wages to employee for earlier years, after entering into agreement with Labour Union, it is a revenue expenditure, because arrear wages is also part of employee salary which is allowable expenditure.
- (v) Painting expenditure for Company's Registered office building, it is a revenue expenditure.
- (vi) Liquidated damages received from supplier for delay in supply of machinery, it is a capital receipt because if is related to fixed assets and it is not a recurring nature of transaction.

### **DESCRIPTIVE QUESTION**

---

**2015 - June [4]** (d) Mr. Bharat, an engineering graduate, born and brought up in India, got employment in USA in August, 2023. By what date he should leave India, in order to become a non-resident? By that, what tax advantage he will get? **(3 marks)**

**Answer:**

**Planning for residential status:**

A person who leaves India for employment if remains for less than 182 days during the financial year of leaving, he will be a non-resident.

Mr. Bharat must leave India before 29<sup>th</sup> September, 2023 to be non-resident for the financial year 2023-24.

When he plans his departure in such a way that he becomes non-resident, his income accruing or arising outside India will not be subjected to tax in India. His income accruing or arising in India alone will be liable to tax in India.

## PRACTICAL QUESTIONS

**2015 - Dec [1] {C}** Answer the following questions with brief reasons/workings:

- (c) Mr. David, a citizen of Spain came to India for the first time in previous year 2019-20 and stayed for 100 days in that year. During the previous years 2020-21, 2021-22, 2022-23 and 2023-24 he stayed in India for 120 days, 110 days, 80 days and 90 days respectively. What is the residential status of Mr. David for the assessment year 2024-25?  
**(2 marks)**
- (f) X. Limited is an Indian company. However, it carries on business in USA. All the shareholders are residents of USA. The Board Meetings and Annual General Meetings are held outside India. What is the residential status of X. Limited?  
**(2 marks)**

**Answer:**

- (c) As per **Section 6** an individual is a resident in India in any previous year if he fulfills any of the following two conditions:
- He is present in India in that previous year for 182 days or more.
  - He was present in India within 4 year preceding that previous year for 365 days or more and for 60 days or more in that previous year.
  - In case of an Indian citizen or a person of Indian origin comes on a visit to India during the previous year; modified condition (ii) of sec. 6(1) is applicable:

<b>Case</b>	<b>Modified condition (ii) of sec. 6(1)</b>
<i>His total income, other than the income from foreign sources!, exceeds ₹ 15 lakhs during the previous year</i>	<i>He is in India for a period of <b>120 days</b> or more (but less than 182 days) during the previous year and for 365 or more days during 4 previous years immediately preceding the relevant previous year</i>

<i>His total income, other than the income from foreign sources, <b>does not exceed ₹ 15 lakhs</b> during the previous year</i>	<i>He is in India for a period of <b>182 days</b> or more during the previous year and for 365 or more days during 4 previous years immediately preceding the relevant previous year</i>
---------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

In case of Mr. David, he was physically present in India for less than 182 days in previous year 2023-24 but, he is physically present in India for 410 days in 4 year preceding that previous year and he also present for more than 60 days (i.e. 90 days) in previous year. Hence, Mr. David is resident in India in A.Y. 2024-25.

**(f) As per Section 6(3)**

A company is said to be a resident in India in any previous year if:

- (i) It is an Indian Company as defined under section 2(26) of the Act; or
- (ii) during the relevant previous year, its place of effective management, in that year, is in India.

X Limited is an Indian Company. Therefore, X Limited is a resident in India even if the business is carried on outside India and the meeting of the board and shareholders are held outside India.

**Note:** For the purpose of this clause “Place of effective management” means a place where key management and commercial decisions that are necessary for the conduct of business of an entity as a whole are, in substance made.

**2016 - June [4] (a)** Following are the transactions related to Mr. Kiran Kumar, a resident but not ordinarily resident in India during the previous year 2022-23. Compute Gross Total Income of Mr. Kiran Kumar for the assessment year 2024-25.

<b>Particulars</b>	<b>₹</b>

**2019 - June [2]** (a) Mohit left India on 07.04.2023 to United Kingdom for employment. He returned to India on 07.11.2023, after resigning his job. He commenced a business on 01.12.2023 and his turnover was ₹ 32 lakhs up to 31.03.2024. All payments for the sales were received through crossed account payee cheques. He wants to declare income under section 44AD. His salary income in the United Kingdom was ₹ 6,56,000. When he remained outside India, he invested in equity shares of Vodafone UK Inc. He earned dividend from Vodafone UK Inc. (foreign company) ₹ 60,000 during the previous year 2023-24. He borrowed ₹ 2,00,000 from Mr. Narain of Chennai to invest in the shares of the foreign company and paid interest of ₹ 20,000 for the year ended 31.03.2024.

Determine his residential status for the assessment year 2024-25 and compute his total income. **(9 marks)**

**Answer:**

**Determination of residential status:**

An individual is said to be resident in India in any previous year if he is in India for a period or periods amounting in all to 182 days or more; or

Was in India for 60 days or more during the previous year and has remained in India in 4 previous years preceding the previous years in aggregate for 365 days or more.

Extended time in the case of citizens of India, who leaves India for the purpose of employment outside India, the time limit is 182 days instead of 60 days given above.	
In case of an Indian citizen or a person of Indian origin# comes on a visit to India during the previous year; modified condition (ii) of sec. 6(1) is applicable:	
<b>Case</b>	<b>Modified condition (ii) of sec. 6(1)</b>
His total income, other than the income from foreign sources!, <b>exceeds ₹ 15 lakhs</b> during the previous year	He is in India for a period of <b>120 days</b> or more (but less than 182 days) during the previous year and for 365 or more days during 4 previous years immediately preceding the relevant previous year
His total income, other than the income from foreign sources, <b>does not exceed ₹ 15 lakhs</b> during the previous year	He is in India for a period of <b>182 days</b> or more during the previous year and for 365 or more days during 4 previous years immediately preceding the relevant previous year
When a person satisfies both the conditions, he is a resident. If he does not satisfy any of the conditions given above, he is non-resident.	
In this case, Mohit remained in India for 151 days (6+24+31+31+28+31)	
He has not stayed in India for 182 days or more and hence does not satisfy both the basic conditions.	
His status is non-resident.	

**Computation of Total Income of Mohit for the assessment year 2024-25:**

	<b>Reason</b>	₹
Income from Salary Earned outside India	Does not accrue in India and hence not taxable since he is a non resident	Nil

- (iii) His status is resident but not ordinarily resident.

**2023 - June [2]** (a) Miss Dhvani, an individual and Indian citizen living in Singapore since year 2009 and never came to India for a single day since then. She earned the following incomes during the previous year 2023-2024:

Sl. No.	Particulars	₹
i.	Income accrued and arisen in India	8,00,000
ii.	Income deemed to accrue and arise in India	6,00,000
iii.	Income arising in Singapore from a profession set up in India	5,00,000
iv.	Income accrued and arisen in Singapore but she is not liable to tax in Singapore	10,00,000

Examine & determine the residential status of Miss Dhvani along with taxable income for the A.Y. 2024-2025. Assuming no other income arise during the previous year. **(4 marks)**

**Answer:**

Miss Dhvani is an Indian citizen living in Singapore since 2009 who never comes to India for a single day since then, she would not be a resident in India for the previous year 2023-24 on the basis of number of days of her stay in India as per section 6(1).

However, since she is an Indian citizen:

- (i) having total income, other than the income from foreign sources of ₹ 19 lakh, which exceeds the threshold of ₹ 15 lakh during the previous year; and
- (ii) not liable to tax in Singapore:  
She would be deemed resident in India for the previous year 2023-24 by virtue of section 6(1A). A deemed resident is always a resident but not ordinarily resident in India (RNOR).  
Total Income = ₹ 19,00,000.

**2016 - June [1] {C}** (d) Answer the following question with brief reasons/working:

- (i) Rajesh has earned an income of ₹ 45,000 from letting out his rural agricultural lands for a movie shooting. Will this income be regarded as agricultural income and hence exempt? **(2 marks)**

**Answer:**

Rent earned from letting out the agricultural land is not rent or revenue derived from the agricultural land. As per **Section 2(1A)**, any income derived from any building owned and occupied by the receiver of the rent or revenue of any such land, or occupied by the cultivator or the receiver of rent-in-kind, of any land with respect to which, or the produce of which, any process mentioned in the section alone, is regarded as rent for the purpose of this section. Rent from letting out to a movie company will not fall in this category. The land was not used for agricultural purposes, but for movie shooting. The impugned income is not agricultural income and hence is not exempt.

- (vii) Compensation from insurance company for damage caused to standing crops due to cyclone received by Atul.
- (viii) Profit on sale of crops after harvest where the standing crops were purchased by Agro Farms (P) Ltd. **(8 marks)**

**Answer:**

Deciding whether agricultural income or not

- (i) Salary from company engaged in rubber plantation is not agricultural income as the salary income does not have direct nexus to basic or subsequent operations involved in agriculture
- (ii) Royalty income from coal mines is not agricultural income as royalty is computed on the output of coal taken out of the mine. There is no specific effort in creating the mine.
- (iii) Income from poultry farming is not agricultural income as it has no component of basic or subsequent operations with regard to land or the plants /trees.
- (iv) Income by way of rent from land used for grazing of cattle is an agricultural income. As the land was specifically used for growing grass.
- (v) Income from nursery is income from agriculture as the activity involved is systematic performance for sowing seeds and growing saplings in a specified environment.

- (vi) Rent from farm house which is located in the midst of land is part and parcel of agricultural land and therefore it is agricultural income.
- (vii) Compensation received from insurance company for crops damaged by cyclone is in lieu of agricultural income and therefore it partakes the character of income from agriculture.
- (viii) Purchase of standing crops and profit on sale of crops so cut off from the plants is not agricultural income.

- In this case, the charitable trust has capital gain on sale of land. The entire sale consideration has been kept in fixed deposit which is one of the specified investments under section 11(5) of the Act.

Therefore, the entire capital gain is not chargeable to tax as the sale consideration is kept in the form of approved investment.
